Dear Bill,

I do want to thank you for taking the time to drop by and visit with us on your favorite subject and one of great importance to us also. The boost that it gives our analysts to talk to someone of your stature is difficult to measure but clearly helpful in putting the work they are doing into a much better perspective.

I look forward to keeping in contact. Hope to see you here or in San Francisco between now and the next session at The Homestead. Again, thanks and warmest wishes.

Yours,
